## DETAILED PRAYER BURDENS

### International: Winter Training on the Crystallization-Study of Exodus

- ❖ Pray that the word released in the past Winter Training would operate in the churches to bring us fully out of the Egyptian life-style and diet that the Lord would have in reality a kingdom of priests, those who are taken over by Him and saturated with Him to be His personal treasure and dwelling place.

### United Kingdom Radio Work

At present the radio broadcast in the UK is aired six days per week. The cost is approximately \$15,000 per month. From its beginning in 2000, the broadcast was heard only in the London area, but in 2009 the coverage was extended to the entire UK population of over 60 million. Over the past 15 years hundreds of radio listeners have been added to the church in London and to other churches in the UK.

- ❖ Pray for the financial support of this radio work that it would continue and be instrumental in reaching thousands more in the UK with the ministry of the New Testament.
- ❖ Pray that those who have received this ministry through the radio would become “addicted” to the ministry and enjoy the dispensing of Christ into them and seek the practical Body life as the goal of this dispensing.

### National: Bibles for America

This past year BfA witnessed people searching for God and for the ministry that opens their understanding of His Word. In 2014, BfA gave away 105,700 copies of the New Testament Recovery Version and 505,500 copies of ministry books by Watchman Nee and Witness Lee. The number of blog subscribers grew by over 6,000. Two YouTube gospel videos reached over 100,000 views this year, and a new video *Assurance of Salvation: How You Can Know You Are Saved* reached over 185,000 views on Facebook in its first two weeks.

- ❖ Pray that the Lord would work in all those who received materials, visited the BfA website, read the blog, and watched the videos this year that they would continue to hunger for the Word of God and gain a taste for the ministry that opens the Word that they would be brought further into the experience of Christ and into the realization of His purpose.

## 2014 WINTER TRAINING BANNERS

### Banner 1

The central thought of Exodus is that Christ is the redemption, salvation, and supply of God’s people and the means for them to worship and serve God so that in Him they may reach the goal of God’s full salvation—the building up of His dwelling place.

### Banner 2

Everyone who is called by God must realize that he is a redeemed thornbush (a redeemed sinner who was under God’s curse) with a fire burning within him and that this fire is the Triune God Himself, the God of resurrection.

### Banner 3

God wants to change our diet to a diet of Christ as the real manna sent by God the Father for us to be reconstituted with Christ and to live because of Christ in order to make us God’s dwelling place in the universe.

### Banner 4

God brought the children of Israel out of Egypt in order to make them a kingdom of priests—a kingdom in which everyone would be a priest, living solely for God’s interests and serving Him in whatever they do.

## ANNOUNCEMENTS

- ❖ **Special Fellowship—Friday, Jan 9**  
On Jan 9, at Hall 1 at 7:30pm brother Ken Diller will be joining us to share on the topic of science and the Bible. All the saints in Irvine are invited to attend. Professor Diller is an internationally distinguished researcher in biomedical engineering who also teaches a popular course on the topic Science and the Bible at the University of Texas. One of the main textbooks for this course is the Recovery Version New Testament. The sharing will present a rigorous examination of the compatibility of scientific fact and methods with the truths of the Bible. Both science and the Bible present valid perspectives on the existence and operation of the universe that are distinct, yet complementary. A broad range of topics will be presented for discussion followed by an open question and answer time.
