## DETAILED PRAYER BURDENS

### International: Summer Training—Crystallization Study of Ezekiel (2)

- ⊗ Pray for the full release of the Lord's present burden and speaking to the churches.
- ⊗ Pray that all those attending would be poor in spirit, seeking to see visions of God that God's goal to gain His corporate dwelling place and expression would be further realized in the local churches today.
- ⊗ Pray that the entire training—the meetings, the practical services, the study times and hospitality—would all be under the Lord's blessing of life for the building up of His Body.

### International: Ethiopia—Full-Time Pursuit (see report below)

- ⊗ Pray that the full-time pursuit would be blessed by the Lord in producing full-time serving ones for His move in Ethiopia and in Africa.
- ⊗ Pray for the 25 new trainees and the 20 continuing for a second year that they would be brought on in their experience

of life, their constitution of the truth and in their being perfected unto the work of the ministry.

- ⊗ Pray that the vision of the age would be constituted into them that they would all become ministers of the new covenant for the Lord's move in Ethiopia and Africa.
- ⊗ Pray that the financial need to continue this full-time pursuit for all 45 saints would be met through the fellowship of the Body.

### Local: Irvine College Student Internship—Week 2

- ⊗ Continue to pray for the students attending the June internship that they would be further perfected and equipped with the truth to become faithful witnesses and gospel seeds on their campuses.
- ⊗ Pray that they would be blended together as a heavenly team in the divine stream to give the Lord a way to move on their campuses and that they would be one with the Lord in His burden to reach their friends and fellow classmates.

## REPORT FROM THE SAINTS IN ETHIOPIA

To all the dear saints in the Lord's recovery, The Lord's move has been advancing and spreading triumphantly all over the earth in the past several decades. The churches in Ethiopia are living witnesses of this fact. The Lord raised up His move through the ministry publications in 2001 and by the Lord's mercy we have been going on, under the Lord's blessing, in this way closely following the ministry. For the past 12 years, beginning in 2005, we were brought into a practical and living fellowship of the Body through the visits of the co-workers. Only eternity can tell what the Lord has done in Ethiopia through these visits. We are grateful to the Lord for His mercy that year after year we received grace upon grace and the church life is flourishing all over the country. Because of the blending and fellowship and perfecting we received in such visits, the church life is built up in ways we could never have anticipated.

Despite these facts, there has been a great lack of full-time serving ones in Ethiopia, and in Africa in general. Several young people have been trying to join the full-time training in Pretoria, South Africa. Obtaining visas to South Africa has been a major obstacle and the situation does not seem different in the near future. Hence, we have been desperate in seeking the Lord to find ways to produce some young full-timers. In fellowship with the co-workers, we felt good to try and have a pursuing program whereby a few consecrated saints

would come together and get into the ministry in a serious and dedicated way. After much fellowship and consideration, we all felt good to announce such a program to the churches in Ethiopia. We anticipated that maybe 7-10 saints or a maximum of 15 saints would sign up. But more than 40 saints with at least a Bachelor's degree registered. We learned that the Lord desired to do much more than what we expected or prayed for. Several of them were ready to quit their jobs and join such a training. We accepted 30 for one-year.

There were various practical matters which needed to be worked out, such as finding a training facility, financial provision, and designing the curriculum and providing text books. The Lord superabundantly supplied all the needs. We rented a training facility with adequate rooms (17 bedrooms with individual bathrooms, office space, classrooms, kitchen and dining area). Within a couple of months, the training center was furnished, classroom and kitchen were set up. The Lord provided two sisters serving full-time in the kitchen. It was evident that the Lord was going ahead of us and we were just following Him and enjoying His doing.

The pursuing started on August 15, 2016 with 30 trainees, 24 brothers and 6 sisters. (Download a short video at <http://tinyurl.com/FTPEVideo>). Trainees have personal study classes to pursue the Life-Study

## REPORT FROM THE SAINTS IN ETHIOPIA (CONT'D)

*(Continued from page 1)*

messages of the heart of the Bible and the Conclusion Messages, other classes for getting into God-ordained Way text books, and life class to study the matter of the experience of life. They have presentations everyday whereby they share what they gained from every study class. There are video classes of Brother Lee, and live video classes via Skype in which several coworkers share once a week. Trainees also enjoy the Wednesday night ministry meeting though the webcast. Twice a week, they go out for the gospel to the campuses and some to the community. What we have witnessed and experienced so far in this pursuing training is remarkable and far-reaching. The perfecting the trainees have received from the ministry is undeniable.

Having been deeply impressed and touched by the first year of the pursuing training, most of the trainees have indicated that they feel the need to continue for another year. Several other young saints in the churches in Ethiopia, and possibly a few from other countries in Africa, also desire to join the full-time pursuing in Ethiopia. We have 20 to continue for a second year and 25 new trainees registered to join from Ethiopia alone.

Through much seeking before the Lord and in fellowship with the coworkers, we feel very good to continue such a pursuing training in Ethiopia to meet the growing need. The Lord has bountifully supplied all the financial needs for the first year and we do believe that He will continue to prove to us His faithfulness in the coming years. Knowing that this is a Body matter, we feel that we need to present the need and the burden to carry out such a training to the whole Body. The summary of the financial need for the next year is as follows:

- ☉ Facility Rent for one year (from July 2017—August 2018) = \$64,872.00
- ☉ Expenses related to food & support for 45 trainees per month = \$6,000.00
- ☉ The total annual expense including rent and food and support = \$ 36, 872.00

Above all, please pray for the Lord's unhindered way to move in Ethiopia through this full-time pursuit. May He gain many loving seekers throughout Ethiopia to cooperate with Him for His interest in Africa.

*Any saint burdened by the Lord to participate in the financial offering to the full-time pursuit can offer to the church in Irvine, designating the gift as "Ethiopia Full-Time Pursuit."*
