DETAILED PRAYER BURDENS

International: Crystallization-Study of Ezekiel

☉ Pray that the saints in the churches will pursue to enter into the experience of all the Lord released through this past Summer Training that the goal of God's building will be further realized in the local churches today.

Regional: West Coast College Training at Oak Glen, July 10-16

☉ Pray that the college students would come to know God, see God, and gain God in a deep and subjective way in the midst of an age of godlessness by remaining under His dispensing and being built up as the church, the great mystery of godliness, for the fulfillment of God's heart's desire.

MEMORABLE QUOTES FROM THE 2017 SUMMER TRAINING

Our ultimate problem is not filthiness and sin, but death and separation.

We need to live a prophesying life by loving the Lord to the uttermost.

Exodus 6:2 says, "I am Jehovah." One day this will be rhema to you.

Every God-instilled longing that He as the unique source has installed in your heart, Jehovah will fulfill in His way and in His time.

In the entire universe, the unique blessing is the Triune God, and this blessing comes to us through the dispensing of the Divine Being into us in His Divine Trinity—in the Father, the Son, and the Holy Spirit.

The oneness is a thermometer for the mingling. The oneness tells you how much you're being mingled with the Triune God.

Son of man, look with your eyes, and hear with your ears, and set your heart on all that I show you....Tell all that you see to the house of Israel.

If the church today corresponds to all the details of the holy building of God covered in Ezekiel and is built up in every aspect, God will dwell in the church gloriously.

Humanity is designed and purposed for God's building.

For God's building I need the humanity of Jesus.

The more God we become, the more man we will be.

The human way of solving problems is to negotiate, but God's way is to terminate; the best

way to solve problems among people is to terminate everyone involved.

We need to be measured by the building of God so that we can be possessed for the building of God.

If what we are and what we do cannot match God's building, it amounts to nothing in the sight of God.

Our main concern should not be with behaving ourselves or with becoming spiritual but with fitting into God's house.

A basic requirement for the growth and development of the Body is that we recognize our measure and not go beyond it.

Only the Spirit of reality knows when and how we will see the pattern and design of God's building and be measured by it.

To minister to the Lord means that whatever we do in our service to the Lord is for the Lord's sake, for His satisfaction, His heart's desire, His happiness, His goal, His pleasure, and His glory.

There is a flow in the universe that spans from eternity to eternity; it began with the throne and ended in a city.

The flow produces the building and eventually out of the building issues the flow. It is a holy cycle—more flow, more building; more building, more flow.

The more we enjoy Christ, the closer we are to Him; and the closer we are to Him, the more important we are in His purpose.

The return of God's glory depends on the building of the house.

BANNERS FROM THE CRYSTALLIZATION-STUDY OF EZEKIEL (2)

Prophesying (speaking for the Lord and speaking forth the Lord into one another) in the meetings of the church fulfills the greatest prophecy in the Bible, which is to build up the church (in oneness as an exceedingly great army).

God's eternal purpose is to have a building as a mingling of Himself with His chosen people; whatever God does among His people and among the nations on earth is for His building.

Christ is both the One who builds the church as God's house and the element with which the church is built; for God's building we need the humanity of Jesus—His human life in resurrection.

Glory is the expression of God, and building is the corporate expression of the Triune God; the glory of God and the building of God go together, for the church, as God's building, is the corporate expression of God.
