2019 SOUTHERN CALIFORNIA BLENDING CONFERENCE—JUNE 8-9

The co-workers in Southern California would like to announce a blending conference for all of the churches in Southern California to take place the weekend of June 8-9, 2019. For the last several years we have held similar conferences, and each time all who attended were encouraged. This practice of gathering the churches in Southern California has afforded the Lord an opportunity to speak a specific word for the present need of the Lord's recovery.

We look forward to the opportunity for all the saints in the churches in Southern California to be perfected into one through this special gathering! We look to the Lord that He will speak a timely word to meet the present need of all the churches in Southern California.

MINISTRY EXCERPT

GROWTH AND TRANSFORMATION IN THE CHURCH LIFE

Where does the church stand in this picture of the kingdom gene and its development and consummation? The churches are in the period of the development of the gene. This development takes place by growth and transformation. In the church life we are growing and being transformed.

In 1 and 2 Corinthians Paul speaks of the growth and transformation we are experiencing today in the church life. In 1 Corinthians 3 we have the growth in life, and in 2 Corinthians 3 we have the transformation of life. In 1 Corinthians 3:7 Paul speaks of "the One who makes to grow, God." Here we have the growth in life. Then in 2 Corinthians 3:18 Paul says, "And we all with unveiled face, beholding and reflecting as a mirror the glory of the Lord, are being transformed into the same image from glory to glory, even as from the Lord Spirit." Here we have the transformation of life. Therefore, in 1 and 2 Corinthians we have one chapter concerned with the growth in life and another chapter concerned with the transformation of life. Now in the church life

we are experiencing this growth in life and transformation of life.

We have pointed out that the church is the continuation of the issue of the kingdom gene. This continuation eventually will reach the full development of the gene. Then the kingdom will be manifested during the millennium. All those who throughout the centuries have received the gene will become kings through the development of the gene within them. The totality of all these kings will be God's eternal kingdom. Therefore, the eternal kingdom of God is the full development of the gene sown by the God-man, Jesus the Nazarene.

In the church life today we are experiencing the development of the gene of the kingdom through the growth in life and transformation of life. Eventually, this growth and transformation will reach its ultimate consummation. Then we shall all be co-kings with Christ, those who have experienced the full development of the kingdom gene.
